

02.2007 First pitch for a startup to fight climate change and "Confirmation of venture plan selection"

03.2007 Creation and registration of the domain name "CarboRock.com"

03.2007 Final presentation to venturelab

03.2007 First meeting with Emmanuel de Watteville of CTI Startup at the Geneva Foundation for Technological Innovation (FONGIT)

08.2007 ArrCO2 Foundation

11.2007 Pitch at Swiss Innovator Gala, venture ideas @ EPFL on cleantech

03.2008 End of the venturelab programme at the "venture leaders selection: First phase decision".

03.2008 Transmission of the first file concerning ArrCO2 to Mrs Dominique Buliard Specialist advisor on labour market measures at the Neuchâtel Employment Service

04.2008 ArrCO2's application to the Altran Foundation "Reducing CO 2 concentration in the atmosphere, our technological challenge!"

06.2008 Negotiation of partnership agreement with Innobridge

03.2009 Three-month professional internship at Unine, coccolithophore culture with an Infor photobioreactor modified with optical fibers

06.2009 Presentation of the CarboRock project to the "Service Industriel Genevois" by the Innobridge team

07.2009 Start of discussions for collaboration requests with Prof. Maurice Jutz and Granit

10.2009 Presentation of the CarboRock project to the Neuchâtel Economic Development Agency

10.2009 Presentation of the CarboRock project to the Platinn network (François Klaye)

10.2009 End of partnership agreement with Innobridge

12.2009 First request for patent support to Platinn (Reto Hartmann) for a patent quotation

03.2010 Presentation of the CarboRock project to Pascal Salina in charge of Swisscom's environmental management, energy efficiency, ecological power, CO2-related topics

03.2010 Presentation of the CarboRock project to Dr. Pierre-Philippe Chappuis Senior Scientist, Green chemistry & engineering Industrial Ecology Group Faculty of Geosciences and Environment of Lausanne

04.2010 Venturelab pitch competition (Derek Barras) for the negative carbon industry project

04.2010 Start of discussion with Creapole (Sébastien Flury)

04.2010 Start of discussion and networking with Sacomex (Alfred Perin)

06.2010 Contact with the Neuchâtel Energy Department (Marc Schaffner)

09.2010 Start of discussion with Prof. Jürg Rohrer from Wädenswill

11.2010 Presentation of the CarboRock project at Wädenswill

02.2011 Contact and presentation of the CarboRock project to the Borel Foundation

02.2011 Failure of the application for the Evenir Prize, end of collaboration with Creapole

03.2011 Meeting with Edi Blatter, Director of Satom SA. for a proposal for the recycling of waste

05.2011 Receipt of salt analysis from Satom's technical director Bernard Moulin

06.2011 Meeting with Yves Romanens, Commercial Director of the Bex salt mines

11.2011 Presentation of the CarboRock project in AigleRégion for a collaboration with the Bex salt mines

01.2012 Attempt to set up a joint research project during a second meeting with the group of Dr. Corvini and Prof. Kovar at Wädenswill by Prof. Maurice Jutz

04.2012 Presentation of the CarboRock project to Pascal Gross at the "Forces Motives Valaisannes" and Massimo Nobile, accredited coach of the innovation platform of Western Switzerland, Platinn, specialized in life sciences Business and Cooperation, and CTI Start-up coaching team member

06.2012 First CTI application (original CarboRock CTI) sent to Massimo Nobile from Cimark

07.2012 ISP contract offer with Heig-VD at the Neuchâtel Employment Service
10.2012 Coaching request for the CTI application with Christoph Falk
11.2012 Presentation of the CarboRock project (OFEV application, CTI) to Prof. Jean-Marc Neuhaus of the University of Neuchâtel
11.2012 Presentation of the CarboRock project to "Pascale Van Landuyt, PhD Mat. Sc. Innovation Project Officer & SME Advisor for EU R&D programs at Alliance & Enterprise Europe Network in Switzerland"

08.2012 Negotiation of the ISP contract with the Heig-VD with Cynthia-Maude Farez of the Colombier social action services
10.2012 Start of internship at Heig-VD to evaluate the laboratory to finalize the current CTI application
12.2012 Distribution of the 2013 ArrCO2 activity report
12.2012 End of internship at Heig-VD and review of the activities to be undertaken; preparation of innovation cheque, CTI project submission and request for feasibility study at the OFEV with Prof. Maurice Jutz and Prof. Jean-Bernard Michel

03.2013 Registration with Jonas Wiesel for the ventureKick pitch session, Start-up training by the Agency for the Promotion of Innovation CTI
05.2013 Activation of the CTI projects account for the online submission of a CTI request and online submission of: "MicroPBR 4D: Development of a new generation of high productivity, positive energy algae farm"
12.2013 Telephone presentation of the CarboRock project to Daniel Zürcher Head of Innovation Section Federal Office for the Environment

01.2014 Meeting with Mark Blum from Optotune to integrate their technology into microPBR4D
05.2014 Second presentations of the CarboRock project to Emmanuel de Watteville at EPFL, Commission for Technology and Innovation CTI, CTI Start-up & Entrepreneurship
08.2014 Proposal for collaboration with Massimo Monti, Dr. of Technical Sciences, Head of Applied Research and Development and Technology Transfer at "Haute Ecole Arc Ingénierie"
09.2014 Invitation to the award of the Zurich Switzerland & Liechtenstein Climate Prize 2014
11.2014 Presentation of the positive energy microPBR4D technology to Christophe SAAM's team, Managing director and European Patent attorney at P&TS
12.2014 First request for evaluation of the negative carbon industry project to Yann Dean, PhD at "Ecllosion Foundation", GE

01.2015 Meeting at Cimark with Massimo Nobile for a presentation of the advances of the CarboRock project
01.2015 Request for a grant to promote environmental technologies to Ursula Frei, Scientific Officer at Federal Department of the Environment, Transport, Energy and Communications, DETEC
02.2015 Meeting with Mrs Geneviève Ravezzani and the expert Jean-Luc Bochatay and request for support for 5 patents from the economic promotion of Neuchâtel
03.2015 Request for a meeting for the evaluation of the negative carbon ecosystem with Prof. Suren Erkman, Industrial Ecology Group, Institute of Land Surface Dynamics Faculty of Geosciences and Environment University of Lausanne
03.2015 ArrCO2 application file sent to "Coup de pouce" from the Dr. Liechti Foundation
04.2015 Request for consultation to Ms. Yasmine Calisesi at the Federal Office of Energy
05.2015 Meeting with Dr. Stefan Schlumberger form Kebag AG for a talk about the recycling of their wastes
05.2015 Coordination with Patrizia Imhof "Projektleiterin Swiss Climate AG" for the registration of

the CarboRock project

06.2015 Proposal for collaboration for a CTI project with Dr. Luca Egli, scientist at the "Physikalisch-Meteorologisches Observatorium de Davos, World Radiation Center (PMOD/WRC)"

08.2015 Application of the CarboRock project to the Vigier Foundation

10.2015 Presentation of the online application CTI MicroPBR_4D__Develop_Application, to Pedro Torres "Innovation Mentor CTI" at the Federal Department of Economics, Education and Research DEFR

10.2015 Analysis of samples taken by ArrCO2 from Dr. Ludwig Muster of the Energy and Environment Department NE

12.2015 Networking with Mr. Olivier Arni, municipal councillor of Neuchâtel and transmission of the pitch 2015 to Dr. Claude Amiguet, Physicist from the "Ecole Polytechnique Fédérale de Lausanne", Director of Neode

05.2016 Launch of the formal demand analysis for the innovation cheque with the support of Prof. Kessler and the Innovation mentor CTI, Mr. Pedro Torres

10.2016 Request for registration of ArrCO2 in the Neuchâtel Commercial Register

12.2016 Compliance of ArrCO2's PayPal account

01.2017 Coordination session with Prof. Kessler for the submission of the innovation cheque

02.2017 Proposal to Vadec for a study mandate for the recycling of their waste

03.2017 Investment discussion in the future CarboRock start-up with Mr. Divyesh Mahajan at Director-Investment Injaz Mena Investment Company PSC

03.2017 Appeal to the Federal Administrative Court against the CTI Technology and Innovation Commission

03.2017 Invitation by Jean-michel Stauffer, Innovation Advisor, Precision Industry and Microtechnology at Innovaud

03.2017 Invitation of Christophe Meier, Platinn Director, to a presentation of the CarboRock project at ArrCO2

04.2017 Vadec declines the offer

05.2017 Decision to strike off the Federal Administrative Court

06.2017 Submission of the application presenting the microPBR4D technology to the Hector Fellow Academy gGmbH (Germany)

06.2017 Proposal for collaboration with Prof. Bruce Logan

07.2017 Presentation of lamellar photobioreactor technology and proposal for a partnership with Prof. Fischer from Hes-so Valais

08.2017 Filing of complaints against unknown persons for infringement of copyright law

08.2017 The Public Prosecutor's Office of Neuchâtel orders that the case not be brought before the court

08.2017 Consultation with Tom Boyle, "Fundraising and Network Outreach Coordinator of Climate Action Network Europe (CAN)".

11.2017 Appeal against the non-entry order to the higher authority

11.2017 Launch of the ArrCO2 online shop at Zazzle and Sculpteo

12.2017 Appeal to the Federal Court against the decision not to proceed

02.2018 Judgment of the "Tribunal fédéral", the appeal is inadmissible

03.2018 Presentation of the CarboRock project to the director of KM-consulting for an investor search mandate offered by Mrs Carmita Burkard Kröber

03.2019 Registration for the IDDEA 2019 Prizes Competition

03.2019 Sponsorship proposal to Zurich Insurance
